

— THE IMPACT OF YOUR SPONSORSHIP

More than a shelter. *A lifeline* for pets and families.

Donor support has transformed **Pets Lifeline** from a local shelter into a **regional animal rescue organization**, one that not only rescues animals but also places and keeps them in homes, delivers affordable veterinary care at record volume, and educates the next generation of humane pet owners across Sonoma Valley.

This is what your giving has built.

YOUR SUPPORT IN ACTION

A sponsorship helps Pets Lifeline rescue homeless animals, provide affordable veterinary care, keep pets with the families who love them, and ensure thousands of animals receive life-saving services every year.
